PROFILE

Pragmatic business analyst known for simplicity, structure, and optimisation. Down-to-earth, goal-oriented, and a touch of dry humour. I help mobile teams clarify requirements, reduce complexity, and ship value faster.

EXPERIENCE

Tikkie (ABN AMRO) — Business Analyst
202X–present

Partner to PO and engineers in a Scrum team for the Tikkie app. Led discovery, clarified scope, and translated insights into implementable stories.

- Cut cycle time by X% by simplifying acceptance criteria and eliminating handoffs.
- Introduced lightweight metrics dashboard improving decision speed.
- Improved backlog health and release predictability.

Previous Role / Company — Analyst
20XX–20XX

Short one-line impact statement.

- Outcome or achievement with numbers.
- Another relevant bullet.
